

BUILDING the FUTURE

BUILDING the **FUTURE**

NEW BUILDINGS

- 1 SCIL Building (Multimedia Centre and Library)**

The new home for NBCS's *Sydney Centre for Innovation in Learning* will feature a new library and information hub, as well as technology-enhanced learning spaces and improved facilities for the IT Office.
- 2 Multi-Purpose Centre (Performing Arts)**

The new Multi-Purpose Centre will feature a range of performance and learning spaces for the Performing Arts. The Centre will be made up of 4 specialised learning spaces that can become a single performance venue. The complex also includes music tutorial rooms, an industrial kitchen, and a large deck, which will provide a space for parents to meet and have coffee.
- 3 Pre-school and Uniform Shop**

Incorporated into the Multi-Purpose Centre will be a new home for Pre-school, including a dedicated playground, and facilities for the Uniform Shop.
- 4 Indoor Sports Centre**

Future development will see a new indoor sports centre built on the edge of the sports fields, including an indoor basketball court and classroom facilities.

GROUND WORKS

- 5 Re-surfaced oval and hard-courts**

The existing oval will be reshaped and rejuvenated, including being raised and re-turfed, and will also feature improved water management. A series of new hard-courts will be constructed, including netball, cricket and volleyball facilities.
- 6 New entrance and parking**

The Echungga Road entrance will be re-shaped to feature a wider entry boulevard, smoother transitions for buses, more efficient flow of traffic through driveways and entrances, as well as parking for disabled access and visitors.
- 7 Student drop-off zone**

Parents will have a three-tiered drop-off zone for students driven to school, with centralised access to school facilities and smoother traffic flow.
- 8 New long-stay carpark**

Staff, student and visitor parking will be extended around the perimeter of the campus, allowing easier access to facilities and increased parking spaces.
