

## 2024 HSC Design & Technology MAJOR PROJECT

# Designer Statement

### Name

Samuel  
Cook

### Title

Convertible Side Table to  
Dining Chair

### Area of Design

Furniture Design

The aim was to design, develop and evaluate a convertible chair that meets the needs of those living in smaller spaces which lack storage. It saves on space by reducing the number of furniture products required within a household.

A sustainable process was important as it helps reduce the amount of timber waste in Australia in furniture production.
